Dear Darrel Veldhouse, Secretary of Lakes Area Parrot Heads:

Thank you so much for your contribution to the Caring Program for Children. It is because of caring supporters like you that North Dakota's children will have a healthier future. Because of your compassion and generosity children that might not otherwise have had the opportunity, will now be able to receive medical and dental care.

The Caring Program for Children has been able to help families affected by financial difficulties. Since it's inception, The Caring Program for Children has helped almost 4,000 children. Your gift makes you a vital partner in the work that is being done. Thank you for continuing the loyal partnership among those who care for children in need.

Sincerely,

Natalie Swiers  
Coordinator  
Caring Program for Children
