It is within our rights to keep operating capitol of 10 to 15% from each event. According to MN Better Business Bureau, any organization donating 85% of an event receives an excellent rating

Beverage Wholesalers--It is considered a bribe to give money to us for an event, but if we say we can get "x" amount from the door sales, they can make a donation in that amount from us and them to the charity and we can then use the door sales to pay for the event

April 2009-They would like to have a Regional MOTM. Jim has signed on for that committee.

Leigh Wilson says "HI" to club members.
